

## Industry Supported Educational Workshops

### Sponsor Benefits Flyer

Thank you for your interest in supporting the 2021 CRS Virtual Annual Meeting. The Controlled Release Society Virtual Annual Meeting is the premier event in delivery science & technology. This must-attend, high-caliber scientific event draws over 1,300 international attendees and world-renowned speakers, working in drug delivery, consumer and diversified products, preclinical sciences and animal health.

This document is informational only and is not intended to be a binding Sponsorship contract.

As an Educational Workshop Sponsor, you'll receive the following benefits:

- Company logo/link on the conference website
- Company logo/link within the workshop session description
- Company logo/link within the virtual conference platform's homepage and sponsor section
- Company listed on the CRS preferred vendor website, which is promoted in a quarterly email to all CRS members (4x in 2021)
- Sessions are recorded and made available on-demand to conference attendees for 12 months after the conference

If you support at a \$5k USD level or higher, you will also receive:

- Lead Tracking - Who attended the session with contact information (email/phone provided based on opt-in)
- Up to Four (4) full conference registrations. Speakers do not need a conference registration to speak in the session, but they will need a registration to attend the rest of the conference.
- Social media "shout-out" from a CRS social media account

---

**MEMBER/ATTENDEE PROFILE:** CRS is the home for experts dedicated to the delivery of actives, including delivery scientists, engineers, clinicians and technical professionals. CRS members are creating the future of delivery science and technology through fundamental delivery research, development, regulatory science and clinical translation. Our Annual Meeting attracts 1,300+ influential scientists and business development professionals working in drug delivery, consumer & diversified products and preclinical sciences & animal health, who need your products and services to advance delivery science.
